ABOUT US

MISSION:

To merge the web3 community with the golf world through compelling NFT collections and strategic 'play-to-earn' (P2E) games in the metaverse that deliver on-going engagement and fun via sticky game play loops.

WHO WE ARE:

A futuristic golf centric brand, founded by golfers with years of playing experience and executive positions in the golf industry as well as experience building and growing communities/brands online. Cryptoshack has successfully launched our genesis collection of NFTs, a 7,200 piece Caddyshack inspired, fun-loving assortment of characters, that sold out in 72 hours. <https://opensea.io/collection/cryptoshack>

ACHIEVEMENTS IN GAMING:

Cryptoshack has built a metaverse Country Club (Bu\$hworld CC) within NFT Worlds on Minecraft, which currently includes an 18 hole golf game, functional clubhouse, and an underground world opening this month. We are in the process of developing a number of additional golf courses in the Metaverse including Augusta, Pinehurst #2 and Southern Hills scheduled this year, symbolizing the 2022 Majors.

PLATFORMS/GAMES & CURRENCY:

Playable on PC, ios, android, Xbox and PS, (or any platform you can connect to a minecraft server through) our community-driven project is a one-of-a-kind multi-dimensional play-to-earn (P2E) game. Multiple experiences including an 18 hole golf course have been fully built and were ready to play shortly after we minted out the project. An underground P2E world for our gophers, scavenger hunts, kaddy kart racing, and many more games are all in development and coming this year. The ecosystem operates with the \$WRLD token currency, and to date over \$2M WRLD has been distributed amongst the holders of our project.

NFT Worlds has distributed \$WRLD Token to 64K+ total players with 250K+ total player hours. In addition, NFT Worlds is the only scalable and playable multi-metaverse in existence.

IRL FACILITIES & MILESTONES

IRL CRYPTOSHACKS:

We plan to merge IRL with the metaverse to build indoor, state-of-the-art golf facilities, complete with NFT galleries which will allow us to work with other projects/brands to host events, starting with Los Angeles in late 2022/2023. Simulators, short-game areas, lessons, tournaments, putting games, F&B, plus designated areas to enter and compete in the Cryptoshack metaverse.

MILESTONES:

- 7,200 Piece NFT Collection (SOLD OUT in 72 Hours)
- Metaverse Golf Courses and P2E Games (Already Built)
- Over \$7M in primary/secondary market sales
- Land plots with houses/vehicles (Dropping Late June/Early July)
- Cryptoshack full line of apparel and accessories (Season 1 Assortment Dropped 4/22)
- Active and engaged community of 2K members and NFT holders, consisting of gamers, golfers, metaverse enthusiasts and world-renown athletes and celebrities
